Would attending a TurboLaw® Training Class help you...

Save you even more time and money?
Eliminate common frustrations?

See how you do on our quiz – then you can tell us!

	Yes	No
Have you ever experienced the error message, "Error! Reference source not found."?	☐	☐
Do you know what it means and how easily to avoid and correct it?	☐	☐
Have you ever opened a court form only to find the bottom of page one at the top of page two?	☐	☐
Do you know why it happens and how to correct it?	☐	☐
Are you aware that most court forms are prepared in Microsoft Word tables?	☐	☐
Do you know how to manage and edit those tables to accommodate excess text?	☐	☐
In financial documents, have you ever experienced the error message, "#VALUE"?	☐	☐
Do you know what it means and how easily to avoid and correct it?	☐	☐
Did you know that you can make your own personal automated versions of our templates so you do not have to make the same changes over and over again?	☐	☐
Did you know that all financial forms are formatted to enter footnote numbers with "Explanatory Notes" pages designed to accommodate easy entry of lengthy annotations?	☐	☐
Did you know that you can calculate values in an individual financial form cell so that you can, for example, automatically divide the result of fair market value less the outstanding debt of an asset?	☐	☐
Did you know TurboLaw can check for conflicts of interest throughout all your entered cases?	☐	☐
Did you know you can back up your TurboLaw data and case files in only seconds and restore them just as quickly in the event of catastrophic data loss?	☐	☐
Did you know you can tell TurboLaw to save all the documents it creates in a folder you have already created for a client using your own client filing system?	☐	☐

Did you know that you can instantly copy into TurboLaw files you have created and stored for a client in another folder -- even image files -- to keep a client's files organized in a single location? ☐ ☐

Did you know you can set TurboLaw to check for updates automatically each time you open the program and that you can use and even close TurboLaw while it updates in the background? ☐ ☐

Did you know that you can choose to start the TurboLaw Tutorial at the point of interest to you? ☐ ☐

Did you know that TurboLaw contains a special Consultation List to help you avoid the possibility of potential conflicts of interest? ☐ ☐

Did you know that there is a "Search Docs" feature that allows you to locate any document in TurboLaw's 1,500+ document library in seconds? ☐ ☐

Did you know that there is extensive self-help available at all times within TurboLaw by means of the User's Manual (with dozens of screenshots to help you master any issue)? ☐ ☐

Did you know that virtually every single technical issue ever experienced in TurboLaw has been documented and explained, and is instantly resolvable by typing a key word or phrase and pressing <ENTER>? ☐ ☐

Did you know that you can create your own custom letterhead for TurboLaw's extensive correspondence libraries and even format letters to fit seamlessly onto your own pre-printed letterhead? ☐ ☐

So, how did you do?

- Are you a Master TurboLaw User or could you use some pointers?
- Classes are small and fun, and refreshments are provided.
- Hundreds of our customers have told us it was well worth their time.
